I have been a Title Examiner / Abstractor for the past 10 years and a Mortgage Loan Officer before that. I have had my notary commission for over 20 years and I am certified by NNA as a Certified Notary Signing Agent in Texas. I apply my skills to thoroughly read and follow all instructions and treat each file as its own transaction. I take great pride in my work to ensure each file is correctly completed the first time. I am respectful and courteous to all my clients. I am open to working DFW and the surrounding areas. My general working hours are listed below but I can be available outside of those if needed. I look forward to earning your trust and working with you soon.
