I have been a practicing mobile notary signing agent for over eight years. Working as an independent contractor for ServiceLink; ATS Document Service; and DocPros. The bulk of my experience has been performing agent signing services for the Bank of America; Wells Fargo Bank; CitiBank; Chase Bank; EverBank, as well as numerous smaller mortgage companies.

I was a loan originator for Glendale Federal, and Western Bank Mortgage for two years as well as a realtor for over twenty years.

Being a mobile notary signing agent has become the main focus of my livleyhood over the past four years. I wish to exband my outreach to increase my notarial business further.
